DID YOU KNOW ????

By Paulette Kramer

That the Deadliest and most dangerous Tree in the world grows in the Florida Everglades.

It's name is Manchineel It looks like a fruit tree with medium size green apples.

Its Milky white sap is highly Toxic and so is every part of the tree. So beware of the "Apple of death"

QUOTE OF THE MONTH: P.K.

Reliable friends who do what they say are like Cool Drinks in the sweltering heat– Refreshing!!

NEIGHBOR HELPING NEIGHBORS

I would like to start a "Neighbor Helping Neighbors" section here in the Ripples. Do you have a neighbor that needs to have weeds puled? Maybe help with getting trash pail to curb, due to mobility issues?

Or any help with anything that a good neighbor would do to help someone in need.

At the end of the day helping a neighbor in need is very rewarding experience just to be kind. I want to add a spot where we add names of services and people that will help their fellow neighbor.

Feel free to contact me at:

Lcamel3172@outlook.com

Thanks and I hope this can be a great service to our neighbors..
